

ABSTRACT OF THE DISCLOSURE

A multiple-function cleaning accessory for a vacuum cleaner including a nozzle and a
cleaning element incorporating a squeegee and a brush. The cleaning element may be oriented
5 and removably secured to the nozzle such that either a brush member or a squeegee member
extends from an opening in the nozzle for contacting a working surface. It is emphasized that this
abstract is provided to comply with the rules requiring an abstract which will allow a searcher or
other reader to quickly ascertain the subject matter of the technical disclosure. It is submitted
with the understanding that it will not be used to interpret or limit the scope or meaning of the
10 claims. 37 CFR 1.72(b).
